

TABLE 1. Detailed budget for USGS project									
Task no.	Task name	Subtasks names	Direct labor (days)	Direct salary and benefits	Service contracts	Travel and per diem	Equipment and supplies	Overhead	Total
Task 1	Compile database	Retrieve data	35	\$7,000				\$7,000	\$14,000
		Screen data	50	\$12,000				\$12,000	\$24,000
Task 2	Describe available database	Identify location of sampling sites	20	\$4,000				\$4,000	\$8,000
		Identify timing of sample collections	25	\$6,000				\$6,000	\$12,000
Task 3	Evaluate concentrations	Evaluate concentration trends over time	35	\$8,000				\$8,000	\$16,000
		Evaluate concentration versus streamflow relations	25	\$6,000				\$6,000	\$12,000
Task 4	Calculate loads	Calculate annual loads	50	\$12,000				\$12,000	\$24,000
		Calculate seasonal loads	15	\$3,000				\$3,000	\$6,000
		Evaluate loads for source areas	35	\$8,000				\$8,000	\$16,000
Task 5	Report writing and printing		100	\$24,000				\$24,000	\$48,000
TOTAL				\$90,000				\$90,000	\$180,000
